Holders for Apple iPhone SE

Choose a holder from our range for the Apple iPhone SE to keep your device securely in place. It is the same range as for the iPhone 5 and iPhone 5S. Therefore we can instantly offer a large array of holders. Holders are available as passive holders for a firm fit, active holders for charging or holders for cable attachment for use with your own Apple Original cable.

All holders are equipped with a tilt swivel so you can easily adjust the angle of your device for better viewing. You can switch between portrait and landscape mode just by turning the holder into desired position. All items available are listed below, please refer to our website for more information regarding each holder, www.brodit.com.
